

YOU ARE INVITED TO:

Merck Fertility eSymposia 2021

Tuesday 20 July, 15:30–18:45

Merck Fertility eSymposia: *The evolution of ART*

Join our expert international faculty for **live interactive** sessions to:

Explore the role of LH in ART

Review recent updates in ART and look at innovations on the horizon

Discuss how to identify the best treatments for patients

Evaluate how FSH and LH co-treatment can benefit patients

Support networking and education within the fertility community

Identify how to differentiate r-hLH from hCG by understanding the signalling pathway

Our faculty include:

Co-chairs:

Prof. Scott Nelson
Muirhead Chair of Reproductive & Maternal Medicine, University of Glasgow

Dr Nick Raine-Fenning
Reader/Associate Professor of Reproductive Medicine & Surgery, University of Nottingham

Additional faculty:

Dr Alejandro Aldape Arellano
Medical Director, FIRST IVF

Sarah Banks
Fertility Coach and Mentor

Dr Shahar Kol
Director, IVF Unit, Elisha Hospital

Dr Filippo Maria Ubaldi
Medical Doctor & Clinical Director, GENERA Centres for Reproductive Medicine

Timing	Session	Speaker(s)
Session 1: LH in ART		
15:30–15:35	Welcome, introduction and objectives	Co-chairs
15:35–15:55	Different physiological roles of LH and hCG	Prof. Scott Nelson
15:55–16:15	Workshop: Differentiation of LH vs hCG in clinical practice	Dr Nick Raine-Fenning
16:15–16:30	Panel discussion	All
16:30–16:35	Break	
Session 2: Hiding in plain sight: Individualised treatment to optimise outcomes		
16:35–16:40	Welcome, introduction and objectives	Co-chairs
16:40–17:00	Re-defining LH/FSH deficiency	Dr Shahar Kol
17:00–17:20	Workshop: Lessons from a clinical line-up: Re-evaluating the usual suspects	Dr Alejandro Aldape Arellano
17:20–17:35	Panel discussion	All
17:35–17:45	Break	
Session 3: 2021: Shaping the future of fertility		
17:45–17:50	Welcome, introduction and objectives	Co-chairs
17:50–18:05	Workshop: Reflecting on a patient-centric approach	Sarah Banks
18:05–18:35	Practical management in an evolving fertility landscape	Dr Filippo Maria Ubaldi
18:35–18:45	Panel discussion	All
